Subject: Clarification for December 28th, 2017 Submission of Pre-Service Training Materials

Date: 3/16/2018

Following the December 28th, 2017 submission of the MDCPS' Pre-Service Training materials for review, Public Catalyst requested clarification regarding:

1. What material was changed;
2. Where in the materials to find changes; and
3. What, if any, E-Learning required approval from Public Catalyst.

All revisions to the training material were done by the University of Mississippi team prior to the end of their contract on February 28, 2018. MDCPS did not maintain a detailed list of revisions nor did MDCPS receive one from the University of Mississippi. MDCPS will follow up regarding revisions to training materials with Public Catalyst via phone call.

MDCPS added several Online Modules as part of On-The-Job Training. These modules are a component piece of On-The-Job training, and do not substitute for any week or weeks of required training. The links to the Online Modules can be accessed via the embedded links below as well as the attached PDF "Articulate Courses for Review."

MDCPS requests approval from Public Catalyst for the following Online Modules:
